## Individual Research Report

		Performance Levels			Points (Max)
Row	Content Area/ Proficiency	Low	Medium	High	
1	<b>Understand and Analyze Context</b>	The report identifies an overly broad or simplistic area of investigation and/or shows little evidence of research. A simplistic connection or no connection is made to the overall problem or issue.	The report identifies an adequately focused area of investigation in the research and shows some variety in source selection. It makes some reference to the overall problem or issue.	The report situates the student's investigation of the complexities of a problem or issue in research that draws upon a wide variety of appropriate sources. It makes clear the significance to a larger context.	6

2	<b>Understand and Analyze Argument</b>	The report restates or misstates information from sources. It doesn't address reasoning in the sources or it does so in a very simplistic way.	The report summarizes information and in places offers effective explanation of the reasoning within the sources' argument (but does so inconsistently).	The report demonstrates an understanding of the reasoning and validity of the sources' arguments.* This can be evidenced by direct explanation or through purposeful use of the reasoning and conclusions.	6
		2	4	6	
3	<b>Evaluate Sources and Evidence</b>	The report identifies evidence from chosen sources. It makes very simplistic, illogical, or no reference to the credibility of sources and evidence, and their relevance to the inquiry.	The report in places offers some effective explanation of the chosen sources and evidence in terms of their credibility and relevance to the inquiry (but does so inconsistently).	The report demonstrates evaluation of credibility of the sources and selection of relevant evidence from the sources. Both can be evidenced by direct explanation or through purposeful use.	6
		2	4	6	
4	<b>Understand and Analyze Perspective</b>	The report identifies few and/or oversimplified perspectives from sources.**	The report identifies multiple perspectives from sources, making some general connections among those perspectives.**	The report discusses a range of perspectives and draws explicit and relevant connections among those perspectives.**	6

### Additional Scores

In addition to the scores represented on the rubrics, readers can also assign scores of **0** (zero) and **NR** (No Response).

#### 0 (Zero)

- A score of **0** is assigned to a single row of the rubric when the response displays a below-minimum level of quality as identified in that row of the rubric. For rows 1 to 4, if there is no evidence of any research (i.e. it is all opinion and there is nothing in the bibliography, no citation or attributed phrases in the response) then a score of **0** should be assigned.
- Scores of **0** are assigned to all rows of the rubric when the response is off-topic; a repetition of a prompt; entirely crossed-out; a drawing or other markings; or a response in a language other than English.

#### NR (No Response)

A score of **NR** is assigned to responses that are blank.
